

La Corbière to Portelet Bay

Linear Walk

A favourite of the locals, and one of the most iconic walks on the island. Prepare yourself for a stunning short walk with panoramic views of the glittering coast and epic cliffs. Take a pit stop at the half way point for an alfresco light lunch at St. Brelade's Bay, recently voted the third best beach in Britain. Or relax and watch the world go by along the way at Ouaisné Common, one of the Island's richest and most diverse nature reserves.
