Find your way around the island.

Jersey's a journey of self-discovery. Easy to navigate, just nine by five miles with the sea only ten minutes away in any direction, it's easy to set out on your own and explore the island. Once you're on the trail, you can use our Green Lanes to ramble through farm and field or stray boldly off the beaten path to find hidden bays and secret coves at low tide. You're never far from a public bus or friendly local to point you in the right direction. Whether you explore on two wheels or four, the length and breadth of our little world is yours to discover. So, lace up, step out and enjoy each Jersey moment at your own pace.
